

Objective

Passionate university student and SHAD Alumnus with a strong work ethic and creative ability. Eager to contribute to community initiatives with a focus on mental health, diversity & inclusion, and STEM.

Education

2025–2029 **Bachelor of Engineering (First Year)**, *University of Calgary*, Calgary, Alberta
GPA: 3.75 (past 24 units).

2021–2024 **High School Diploma**, *Bowness High School*, Calgary, Alberta

- Relevant Coursework: AP Biology, Math 30-1, Calculus, Computer Science 30-1
- Honours in Grade 10, 11, and 12 (2022–2024)
- Clubs: Yearbook Club, Chess Club, Robotics Club, Track & Field, Drama Society

Work Experience

Jan 2020 – **Math Tutor**, *MathPro Tutoring*, Calgary, AB

- Sept 2025
- Provide personalized tutoring for junior high students in multiple math subjects.
 - Create tailored lesson plans to target individual learning needs.
 - Track academic progress and adjust strategies to ensure improvement.

Sept 2025 – **Visual Communication Team Lead**, *UCalgary Solar Car Team*, Calgary, AB

- Present
- Member of the university's largest engineering design team.
 - Support the development and testing of the dashboard and telemetry UI using QML/Qt Quick.
 - Design visual elements and layouts that enhance real-time driver data interpretation.

May 2026 – **Undergraduate Research Assistant (Upcoming)**, *University of Calgary*, Calgary, AB

- August 2026
- Developing an agent-based AI system using LLMs and Vision Language Models to automate UI testing directly from visual design artifacts.
 - Reducing the environmental impact of software development by implementing behavior based test grouping to eliminate computational waste.
 - Applying metamorphic testing techniques to maintain software reliability while significantly lowering energy consumption in CI/CD pipelines.

Volunteer Experience

2019–2024 **Cadet Leader**, *Royal Canadian Air Cadets (52 Squadron)*, Calgary, AB

- Served in leadership roles, mentoring fellow cadets.
- Participated in aviation, leadership, and teamwork training programs.
- Engaged in community service projects and squadron events.

2019–2024 **Senior Volunteer**, *Calgary Public Library*, Calgary, AB

- Contributed 50+ volunteer hours.
- Reading Buddies: Engaged students (Grades 1–3) with stories and literacy games.
- Coding Buddies: Introduced young students to coding fundamentals and digital skills.

May 2022 **Volunteer Lead**, *Meet the Mayor Campaign*, Calgary, AB

- Led community outreach for the “Meet the Mayor” campaign.
- Recruited and coordinated volunteers to support event operations.
- Built relationships with local leaders and community stakeholders.

2021–2024 **VP of Production**, *Junior Achievement Company Program*, Calgary, AB

- Oversaw production for a student-led business promoting Calgary culture through custom stickers.
- Generated \$1000 in sales through strong interpersonal and customer service skills.

Awards

2022 **SHAD Alumnus** — Selected among 650 students from 2000+ applicants.

2024 **Alexander Rutherford Scholarship** (\$2500) — For outstanding academic achievement.

- 2025 **Kermet Archibald & Jacoba Van den Brink Bursary** (\$25,000) — Awarded for academic merit, financial need, and community involvement.
- 2025 **NSERC Undergraduate Student Research Award (USRA)** (\$7,500) — Selected to conduct 16 weeks of full-time research under Dr. Novarun Deb.

Skills

Languages Fluent in English, Urdu, and Punjabi

Soft Skills Exceptional communication and leadership skills

Coding Java, Python, C++, JavaScript, C, QML,HTML and PyTorch
